The online process is not just for reasons of pandÁ security. In short, where you are currently residing will not be the state that will pay you unemployment benefits if you have not lived there long. During this interview, you will be asked specific questions about your job training ^ other information ^ mentioned in your claim. In addition, if you voluntarily leave your job, are an independent contractor or otherwise self-^, or cannot return to work for health or other reasons, you may not qualify. If you do not file your weekly claim, your benefits may be delayed or stopped altogether. Depending on the state in which you reside, you may be eligible to apply for unemployment benefits online, in person, by phone or by mailing a claim form. You can use the SocialFolders web interface to determine how much information you ^ like access (all your Facebook albums, or just a few selected ones, for example), and the content you have chosen will be downloaded automatically to your desktop. Leaving aside the minor problem with photo resolution^ I was quite impressed with social cards. By the end of April, a staggering 30 million Americans had applied for unemployment benefits. I have photos stored on Facebook. The subfolders for each of your connected services will also be automatically created there. I have spreadsheets stored in Google Docs. Photo courtesy: |GI/Tom Gril/Getty Images After you have lost your job, contact your state unemployment agency as soon as possible. These types of requests are often very time-sensitive. Photo courtesy: Justin Sullivan/Getty Images In some cases, an unemployment officer will interview you to clarify and verify details about your case and your identity.
